

## Join the SSCUP to help YOU!!

The SSCUP needs your support to ensure ALL senior citizens live with adequate means and dignity.

One third of all pensioners live below the Government's own poverty level, while the UK provides the lowest pension and benefits of its 12 European neighbours.

If you own a house in Scotland, the Scottish Government will sell your house and utilize your assets to pay for your residential care, leaving you nothing to pass on to your children.

Bed-blocking within hospitals is blamed on elderly patients. The Scottish Government's solution is to remove frail elderly citizens into residential care homes not of their choice and often miles from their home and family. Is this fair or just?

If you would like to become a member or find out more please contact us by post, telephone or e-mail.
